Subject: Revised response to NBC questions re Tetra Tech & rad at Hunters Pt
Attachments: Hunters Pt NBC Response v5 3-24-2016 clean copy.docx

Dear Angeles,

I just remembered that Steve Dean, former USEPA Health Physicist, used to independently do his own rad characterization at HPNS. I'm sorry I didn't remember sooner. I've left a msg with Mark asking for more details. In the mean time, I have revised this writeup to add this sentence at the end of the 1st paragraph:

“As part of that role, both EPA and the California Department of Public Health (CDPH) have independently scanned for radionuclides at HPNS.”

I also made minor tweaks to a couple of other sentences. Please use this version. I'm sorry for the confusion.

Thanks!

- Lily
